Bennington Street	Lexington Street
Bremen Street	Prescott Street
Chelsea Street	Princeton Street
East Eagle Street	Saratoga Street
Falcon Street	Shelby Street
Glendon Street	Short Street
Lawson Place	Trenton Street

Sound Insulation Process

The Process & the Documents

The process is a multi-step approach beginning with property research and windshield surveys which will occur over the next few months.

Massport Consultant, Jones Payne Group, will be driving through East Boston neighborhoods conducting exterior property assessments of homes that are potentially eligible.
